## Welcome to beautiful Roanoke, Virginia!

Amidst the stunning beauty of the Blue Ridge Mountains, Roanoke offers natural character, exceptional amenities, and an unparalleled quality of life. The city combines an urban atmosphere with all the beauty and outdoor recreational venues of a mountainous environment — truly an unexpected balance.

Roanoke has earned the esteemed honor of being named a national All-America City on six occasions, mostly recently in 2012. Additionally, Partners for Livable Communities has chosen Roanoke as one of “America’s Most Livable Cities.” Roanoke has also received both state and national recognition due to its strong ethic of environmental stewardship including award-winning greenways, urban forestry, and possessing the third largest municipal park in the country, the Carvins Cove Natural Reserve.

Our goal is to make living in the City of Roanoke as smooth as possible. Our team of elected officials and administrators is dedicated to providing exceptional customer service, and this booklet is designed to help acquaint you with these services and facilities. If you have questions about recycling, if you want to know when your local public library is open, or if you want to take advantage of Roanoke’s beautiful parks and greenways, the details are contained in this guide.

Another wonderful tool to assist you is our website, [www.roanokeva.gov](http://www.roanokeva.gov). There, you will find links to all city departments and a host of other useful information. ## Emergency Call Procedure

*Remain calm. Speak as slowly and as clearly as possible.*

Tell the emergency dispatcher:

- The kind of emergency it is and if a victim is involved.
- A brief description of their condition (i.e., obvious bleeding, appears to be unconscious, difficulty in breathing, burns, etc.).
- The telephone number of the phone you are using.
- The complete and correct address: street name, street address (house number).
- Your name.
- Name of complainant, victim or patient if not the same as the caller.

Follow any instructions given to you by the emergency dispatcher.

### Please do not use 9-1-1 to...

- Request *non*-emergency police, fire or medical services.
  - Discuss administrative business concerning police, fire or emergency medical services.
  - Arrange ambulance transportation to scheduled appointments or admissions to a medical facility.
  - For general information.
- In a non-emergency situation, call 853-2212 to reach the Police Department, or 853-2327 to reach Fire and Emergency Medical Services.

### Reverse 9-1-1

The City of Roanoke has the capability to call your home in the event of an emergency in the area. If you do not have a “land line” phone for your home or business, but instead rely on a cell phone, you will need to register this number with the Department of Emergency Management at 853-2426.

## Garbage

**P: 853-2000, Press 1**

The city is divided into four residential sections. Collections are made weekly in residential areas. All residential customers must have a city-provided "Big Blue" container in order to receive weekly refuse collection. All trash for weekly collection must be in the blue container. The Solid Waste Management Division collects refuse in the blue containers weekly from the curb or alley, depending on your location. No trash collection will be made from private non-city issued trash containers. (Dumpster service is provided by private contractors.)

The blue container must be placed out for collection no later than 7 a.m. on your scheduled day. It should not be placed out prior to 7 p.m. on the day preceding collection day. All empty containers must be removed from the street by 7 a.m. following the day of collection. When there is a city-observed holiday on a Monday, solid waste collection moves to the day following the regular schedule.

The Solid Waste Management Division also collects bulk and brush on alternating weeks. Any extra trash or yard debris that will not fit into the Big Blue container must be taken to the curb for collection. For bulk, the limit is no more than six items per collection week. For brush, the limit is approximately a pickup truck's worth (branches no longer than 4', diameter no greater than 3") per collection week.

The Central Business District is serviced six nights a week by refuse collection crews. If you are physically unable to carry your household trash to the street, a special pickup service is available at no charge to those citizens meeting the qualifications. For more information about the Physically Challenged Services Program, call 853-2000 between 7 a.m. and 3 p.m.

Notice of changes of service will be posted through the MyRoanoke news service, Facebook, Twitter, RVTv or other media outlets.

## Real Estate Valuation

**P: 853-2771, F: 853-2796, E: [realestate@roanokeva.gov](mailto:realestate@roanokeva.gov)**

In January, the Office of Real Estate Valuation mails notices of reassessment to owners of properties that showed a change in value from the prior assessment. Notice are not sent for properties that did not change in value. Notices are mailed out based on the date of the last City Council meeting at the end of the year. Properties are assessed at 100 percent of market value based on sales and other information within your neighborhood. Citizens may appeal assessments by submitting a signed appeal form—available on-line, from our office, at city fire stations, and at public library branches. Contact the Real Estate Valuation office to learn the deadline for submitting the form. The office will review the information used in assessing the property for errors or problems. The owner will then be notified of the appeal decision. If dissatisfied with the decision, the owner may file an appeal with the Board of Equalization, a three-member citizen panel appointed by the Circuit Court. If the owner is not satisfied with the Board's decision, the owner may file suit in the Circuit Court. In any of these appeal stages, the assessment can be raised, reduced, or sustained depending upon the market evidence.

This co-mingled recycling program enhances recycling efforts and allows all residents to have the ability to take care of the environment.
